

FS2 MOUSE CLUB

Term 2 – Week 4 (2024-2025)

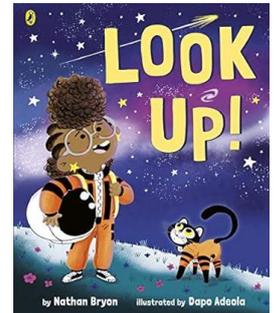

Our Books of the Week

Our FS2 children have loved finding out facts about the moon and space. This week they will enjoy more fantastic space-themed stories as well as learning about space travel.

These are two of the fiction books we will be reading:

- **The Smeds and The Smoos** by Julia Donaldson ([here](#))
- **Look Up!** by Nathan Bryan ([here](#))

Our Song of the week

Please click [here](#) **Five Little Astronauts** by 'The Singing Hands Ladies' (using our **Makaton** signs).

Activities To Try at Home

In class, the children will be designing and making their very own junk-model space rockets this week. Please chat with your child about their ideas, and you are welcome to send them to school with any extra pieces of clean junk that they might need, including **plastic bottles, cardboard tubes, bottle lids** etc.

Before bedtime, please encourage your child (and mouse) to look at the night sky. Can they see the moon? The whole moon or part of it?

Can they see stars? If they cannot see the moon, do they know why? The children have enjoyed finding out about **nocturnal animals**.

Look at the clip [here](#) and talk about the animals and how they manage in the dark, think about eyesight, hearing and **camouflage**.
